Nagajuna Annual Magazine-2017

From the Director's Desk

Only as high as I reach can I grow,
Only as far as I seek can I go,
Only as deep as I look can I see,
Only as much as I dream can I be"

In Nagajuna school we teach our students to aim for goal and reach higher, we teach them to reach out far and seek further, we teach our students to introspect and look deeper, In Nagajuna we teach them dream and reach out for those dreams. We transform dream into reality, thoughts into idea and ideas into action.

As the director of Nagajuna School I worked with this school from last fifteen years.

This following year I am proud to pronounce that we are able to publish an annual magazine. I feel tremendous joy to share the profound knowledge and creativity the children of Nagajuna beholds. The students have been blessed with beautiful skills and I thought it was about time we started making a collection of all of it and turn it into a magazine.

All of this wouldn't be possible without each and every one of our well wishers, sponsors and trustees who work so hard just for the children here to enjoy the facilities. Special thanks to Rebecca Seddon, Dennis and trustees who has been with us ever since. Also I would to extend heartfelt thanks to Mr. David who has sponsored the children for their higher studies in India which can help me for success my dream. Everyone here misses you a lot and we pray for your fast recovery. Currently we have 11 students studying in India and all of them have stood out with flying colours in their academic results are potentially achievers in the future.

To channelize the creative aspect of the child we came up with the idea of creating a school magazine. This is not just a means for a school to communicate its thought but it also highlights the success and achievement of its pursuits. It gives an insight to ones thought and creativity through varied expressions. Our children have been able to leave their imprint in the path they have walked till now and the school has carved a niche of its own in the educational hub.

The school where the quality matters the most we have tried to reflect the kaleidoscope of learning, adventures, creativities and positive approach of our young minds through writing and drawings. I hope this effort of our minds will serve as a stepping stone towards the many miles stones we have to cover in pursuit of excellence.

The Student of Nagajuna are taught to always "Look up", i.e. to look up to God for help, strength and reassurance in toils, trails, temptation and troubles. "Lift up" means that everyone, be it students or teachers, have to set for themselves high standards, goals and aspirations in every sphere of life. Finally Merry Christmas and let us celebrate this exciting, colorful, magical New Year with a great big smile. Wishing you a full of happiness and prosperity.

For as long as space exists,
And as long as living beings endure,
Until then, may I too remain,
To dispel the misery of all beings.

Rebecca Seddon

She came like a god
So, such opportunities we got
She is only the one
Our Mrs. Rebecca Seddon

People got right way
One, whose parents were faraway
She is one who shows that
She is the one who protects us from being bad

From your support we all here
Hope you see first there
It was you who support us from the start
And, We want thank you from our bottom of heart.

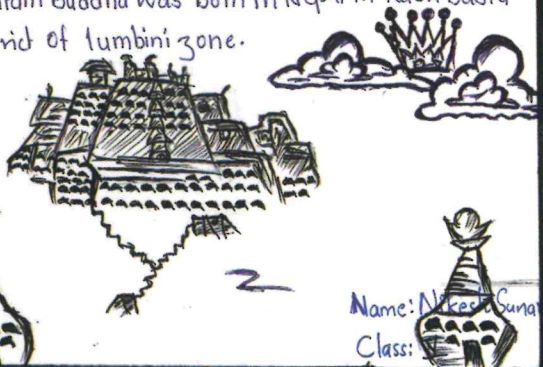

Best wishes to you
Merry Christmas to you
From the Nagajuna family
Happy New year to you.

Lumbini

Lumbini is in Nepal. It is a historical place. So, many people come to visit there. Gautam Buddha was born in Kapilasthali district of Lumbini zone. Ashoka pillar is in the near of Lumbini. People don't know where Gautam Buddha was born. The Indian people said Gautam Buddha was born in their country but Nepali people said Gautam Buddha was born in Nepal. In ancient time, some other country scientists come in Lumbini in search of some ancient thing. Knowledge of Gautam Buddha. In this time the scientists people find the Ashoka pillar in Lumbini. In Ashoka pillar in Lumbini, there is written Gautam Buddha was born in Nepal. The scientist people know the Gautam Buddha was born in Nepal in Kapilasthali district of Lumbini zone.

* My last vacation *

We are very happy because on July 26 we have last examination and then day after tomorrow we have holiday start with July 27. We are very excitement for vacation. It also brings relationship and entertainment. I spent my last vacation at my village with my family and friends. On July 29, at night we were reached at the village. I also saw my friend Bibh and Karma Dolma to come to save us. I directly went into my bedroom then watched some movies. In morning, I always woke up at 8 o'clock then drank some tea, sometime I also read the meaning word which is given by my teacher. I sometimes watched some movies. We also celebrate Ghoda Jatra (Horse festival) but I didn't ride horse with my father in this year. There are also feasting in my village for these days. In picnic our group always ate meat for a day but I didn't eat meat in there because I like to eat veg. momo. I and my friend were played hide and seek, played football and to take some photo at green lawn. I also picked some mushroom in the green forest. We also went to school and play with small children and also read some story book. I also help my mom in many ways so, I like doing whatever she wants me to do. I also help my village people. At last, we also visited all around the village and take some information about health. I left my village with a heavy heart but brought back pleasant memories of my stay there. Most of times, I spent like this for enjoying and for playing.

News Letter

January: Beginning of the year marks the prosperity of the entire year. Students in Nagajuna celebrated the New Year 2017 by decorating the school and also eating special food. Everyone was overwhelmed and excited for the upcoming year and everyone made a resolution. Towards the end of this month we also had a few days break as it was getting too cold here in Pokhara.

February: Every month has something special in it. As we all are from the Himalayan Region we tend to follow the tibetan calender and the tibetan new year falls in this month. This festival is celebrated in a grand way. All of us wake up early in the morning and eat sweet rice with butter tea. In the afternoon everyone rejoiced as few dance and song performance was shown by the seniors. In the dinner traditional Thukpa was served and everyone was very happy to be a part of it.

March: This month the annual exam was held and the result was announced. The annual hardwork of all the students was seen and the school was really proud. A short term break was given for everyone so as to refresh from the exam pressure.

April: New sessions had already started and everyone seemed very motivated to do better in their academics. New books and notebooks were being distributed. students spent most of their time covering their books and reading them interestingly. everyone was busy planning their study and homeowrk schedules for the year.

May: Inter House Spelling Contest was scheduled for this month and as expected all the students worked really hard and red house won the competition. Where the Spelling contest was held in the beginning of the month the Quiz competition took place towards the end and blue house won this contest.

June: The entire school had been preparing and working hard for the big day i.e His holiness" birthday which was on 28th of June. we went out to different tibetan settlement camps here in Pokhara. The students were very happy to show their talents and hardwork to the public and the public also appreciated the performances.

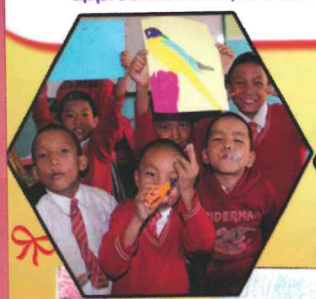

July: The first examination of the year and sure everyone had buckled up already. They were ready to prove themselves. The students woke up really early and started preparing for their exams.

August: Every year Yeshi sends children to different families for a month just so that they can rejuvenate from the rules and regulations in school. Yeshi requets his friends and cousins to take care of them and doing so this year too we had a summer break comprising of 32 days.

September: The results for the first term was declared and it was outstanding. We also witnessed Inter house Spelling competetion. Red house won the spelling contest and did their house proud. This very month we celebrated Children's Day. The teachers organised a beautiful program which included dance performance by the teachers, special lunch, and exciting indoor games. we could tell hoe excited the students were as they were counting days fro the childrens day. The day turned out to be special.

October: October is the month of holidays. You would know if you have been close to Nepal for long. Nepal though a secular state, most of the populaion is hindu and we celebrate hindu festivals like dashain, Tihar, Chatt, etc. There are many public holidays and Nagajuna wise utilised these holidays by organising various activities like reading competition, handwriting competetion and art competetion.

November: Sports day, we would name this month. We can also call this month the Sports Month. Every year Nagajuna organises Inter House Sports meet. Alternativy one year is grand and various guets are invited whereas the other year we organise it without any special guets. This year was the year where Sports day as was supposed to be grand. Right from the beginning of the month we had started off with the preparation. Various events were being planned and practiced for the same. Many of the events included drill, zumba dance, english group song, nepal dance, tibetan dance and sports ofcourse. The sports day or call it the big event day was on 18th of November and principlal from various schools and also students from few schools visited. everyone was thrilled as the band group was one of a kind.

Thanks for N.M.B.S.

In the world there are many school, but i like N.M.B.S most because of our director mr yeshi. i gyaalson. we know that, he is a very kind peo-
pled person who helped people in need and the poor all over the world. I think I am very lucky
-gel to be a part of the N.M.B.S.

First, I want to thank N.M.B.S. Director mr yeshi. gyaal-
-son for his help he took me to N.M.B.S when I
was only six years old. right now i read in class
6. I learned many things and also how to be
well behaved from my teachers.

Our teachers taught us well from the start of each
-class they give us daily advice on how to do good things
-such as "Don't give up in life" then our le-
-sson begin our teacher teach in such a way that
we understand very easily.

I like the rules and the extra activities of the school.
-very much. I have participate in many games.
-lastly, to keep up the teachers at N.M.B.S are very
-polite and kind. i heard I spoke, learned many new
-things new words and good habits from my staff.
I am very thankful to N.M.B.S and to the director
-of our school. I will never forget those who have helped
-me. Thanks N.M.B.S for enable us to do something.

I am hungry

Dorjee was hungry and he went to his friend Tashi's home
-after school. He pushed his friend's home and started
-calling out his friend.

Dorjee: Tashi, Hey Tashi? Where are you? Come out!!
-Tashi's mom: Don't worry, Tashi has just got home from
-School and he is eating. Are you hungry too?

Dorjee: Yes I am (Waddling his head)
-Tashi's mom: If so, you too go home and have your
-snacks.

New guitar

friend: Ram I heard that you had bought a new
-guitar

Ram: Yes
-friend: Where is it
-Ram: I had already throw it away.

friend: Why
-Ram: because in the middle of guitar there was
-a hole.

Sham and Teacher

Teacher: "I am beautiful. Which tense is it?"
Sham: "Past Tense. Because you are not beautiful any more."

There were three friends named I, You and Mad. One day I and You were fighting and Mad called police.

Mad: Police, Police, I and You are fighting

Police: Are you Mad?

Mad: Yes, I am Mad.

HA! HA!

One day Pempa went to a museum. There he broke a 2000-year-old statue. The manager began to shout at him.

Manager: HEY YOU! You have broken a 2000-year-old statue!

Pempa: Oh! Thank god it was not a new one.

Teacher is like a god who fulfill and understand our problem and solve them easily. It is said that the teachers are our part of life. The duty of teacher is to build our life safe and comfortable. So we must also do our duty probably. Teachers cannot show in right way if we fail to do our duty. If we work hard, teachers make us good student and our life will be comfortable and satisfied.

All the teachers are not same. Some may be the best whereas other may be not. But for me, I think all the teachers are same because they teach us always good habit. They never teach us bad habit. because they all are teachers and they all are educated and they know how to make children good. It doesnot mean the person who only teach subject. Those person who teach us how to sweeping, cooking, cleaning and other small things are also called teachers. Some children donot respect farmer, carpenter or any person who do small jobs. Because they donot know the meaning of teacher and they think farmer doesnot have some skills. Their teacher doesnot teach them such good habit. In that way we know their teachers are not the best teacher. Teachers should not be proud of their work. They also must be in discipline.

All the people have different skill. In some people teach us some thing they are called teachers. teachers also must do their duty probably. like my Nagajuna teachers who fulfill our problem & show the right path of our life.

FOOTBALL

The football is one of the international game. It is played in every part of the world. It is also a exercising game. Now a days it is a professional game. People earned money from this game.

The football is played in the ground. It is played between two team. There is eleven players in one team. In the ground there are four corner, two goal post, two small de-line, two big-deline and at the center there is a line which shows between two team. It is a professional game because people have been made such groups from their own country. They made such clubs and give money for player. They buy good players from another clubs. Player earned money when they played game with other one.

I also like football because it is my favourite game. I learned to play football in this school. I learned football skill from videos which are played by famous players. My hobby is to play football. I also want to be a good player when I felt bore I play football with my friends. I want to train my football to be a good player. I felt happy when I play football. So, It is my favourite game.

The Value Of Time

Most of us do not understand the value of time. Time is more precious than money. We waste our time by watching television, playing games. One things that we should never forget. If time once gone is gone forever. Nothing can bring it back, not even one second of it. We should learn the value of time from those who have been successful in life. Every people has had the same 24 hours day that we have. We must do our duty in time. If time is lost, everything is lost. Time is very important and we have to use it usefully. If there is no time, it would be difficult. Time is like a river, that never return again. We can return all the things but not a time. It is easy to waste a time but difficult to work on time. So, we should not waste time. We must use the time properly. Time wait for no one, so we must use it wisely. We should manage time.

Thanks To Nagajuna

I had joined Nagajuna from class four, but I have never feel bore. Because the Nagajuna is so wonderful that I cannot express it's powerful.

We are lucky to study in this school because our future will be bright like stars, I had learnt so many things, like to perform the duty of human being.

This school was a big event for my life I will remember this school forever and ever Nagajuna is the home for everyone Where the life can be success of anyone.

KIND THOUGH TOWARDS OTHER

The motto of Nagajuna is kind though to others. Where the one helps to another. This is the way where the life began of the students. This is the home where one can get family.

I feel like a home when I came here. It was Nagajuna who helped me from the start. And, I want to thanks Nagajuna from my bottom of heart.

Thank You

Pema Wangyal
 From Grade-I

My Mom

My mom is different than other because she is not a father. She loves me very dearly and teach me with clearly.

She is my dear and I play her tiddy bear. I even didn't describe her love. I will gift her a dove.

God send my mother to love. I will not let her go above. My mother buy my favourite hat. She is not so fat.

My mother is not old. She is precious than gold. I will not make a huge tent. And that's the end.
